God takes me as I am so I command true.  
Truth is authority.

I love to remember. I love to forget.  
Fail numerously, learn & apply ~~more~~ abundantly.

Convincing myself IDK when I do ~~not~~ &  
fear sharing so is self harm.

I am a loser. I want to give up.  
I choose to "lose" when competition is unjust.  
I could give ~~more~~ <sup>enough</sup> of my possessions edification  
& utilize the give to receive nation  
to support my nuanced "Consent."

Antipraise: Ear elephant

What would new demand if I were  
being honest?
